

# COMBACTE Abstracts ECCMID 2019

13-04-2019

11:00 11:10	One Health platform to retrieve up-to-date surveillance data on antimicrobial resistance from humans and animals in Europe. Session: Using new tools to identify and measure healthcare-associated infections	Babu Rajendran et al.	Oral Presentation	#O0102	HALL G	COMBACTE-MAGNET
13:30 14:30	Comparison of PCR-ribotypes and toxinotypes causing community versus hospital <i>Clostridium difficile</i> infection. Oral session: Controlling <i>C. difficile</i> in and out of the hospital.	Davies et al.	Oral Presentation	#O0163	HALL B	COMBACTE-CDI
15:30 16:30	Detection of <i>Clostridium difficile</i> infection across whole healthcare economies in Europe: results from COMBACTE-CDI. Paper poster session: CDI epidemiology and control	Davies et al.	Paper Poster Presentation	#P0269	Paper Poster Area	COMBACTE-CDI
15:30 16:30	Investigation of <i>Clostridium difficile</i> positive and negative samples using an ultra-sensitive toxin detection assay and BIOFIRE FILMARRAY Gastrointestinal Panel. Paper poster session: More to learn about CDI; molecular diagnostics and epidemiology	Davies et al.	Paper Poster Presentation	#P0246	Paper Poster Area	COMBACTE-CDI

14-04-2019

13:30 14:00	Competing event analysis of the impact of antibiotic exposure on the development of multidrug-resistant <i>Pseudomonas aeruginosa</i> ventilator-associated pneumonia Session: Risks and outcomes of MDR Gram-negative infection	De Kraker et al.	Mini Oral ePoster	#O0530	Arena 3	COMBACTE-MAGNET
----------------	---	------------------	-------------------	--------	---------	-----------------

15-04-2019

13:30 14:30	Phase II, open-label REJUVENATE study of the pharmacokinetics and safety of aztreonam-avibactam plus metronidazole in hospitalised adults with complicated intra-abdominal infections. Session: Safety of antibacterial agents in the clinic	Cornely et al.	Paper Poster Presentation	#P2003	Paper Poster Area	COMBACTE-CARE
13:30 14:30	Population pharmacokinetics of imipenem in critically ill patients: a comparison between parametric and nonparametric methods. Session: Current issues in clinical pharmacokinetics	De Velde et al.	Paper Poster Presentation	#P1960	Paper Poster Area	COMBACTE-NET
13:30 14:30	Reporting surveillance data on antibiotic resistance to inform stewardship teams: a call for guidance document Session: Two sides of a coin: diagnostic and antimicrobial stewardship	Pezzani et al.	Paper Poster Presentation	#P2062	Paper Poster Area	COMBACTE-MAGNET

16-04-2019

11:30 12:00	Efficacy and Safety Profile of Suvratoxumab, a Novel Anti-Staphylococcus aureus Monoclonal Antibody: Results of the SAATELLITE Study in Mechanically Ventilated Intensive Care Unit Patients Session: Recent clinical trials	François et al.	Oral Session	#L0013	HALL N	COMBACTE-NET
12:30 13:30	Occurrence of <i>Staphylococcus aureus</i> ICU pneumonia in Europe: preliminary results from a COMBACTE consortium study. Session: Surveillance of healthcare-associated infections	Paling et al.	Paper Poster Presentation	#P2584	Paper Poster Area	COMBACTE-NET
